A SHORT GUIDE FOR EFFECTIVE LITERATURE SEARCHING

Learn and practice more in our online course: https://www.uni-goettingen.de/en/584937.html

START

I know the topic of my paper and want to find suitable literature.

Consider/determine search strategies

Search in subject databases and in the Göttingen University Catalogue GUK

Articles in journals or edited collections: Databases

Website of the SUB: DBIS

Type in the name of the database or select subject

Access the subject database (or Google Scholar) via a HAN-link

Search for topic, keywords

Books and journals: Göttingen University Catalogue GUK

Articles are not listed in the library catalogue!

Search for topic, keywords

Found interesting literature?

Yes, follow the link

No

Download full-text

Pick up from the shelf or request

Inter-library loan via GVK

Available in print?

Yes

No

Available in electronic form?

Yes

No

SUB Göttingen SFX or SUB Göttingen full-text link available?

Yes

No

SUB Göttingen SFX or SUB Göttingen full-text link available?

Yes

No

Search in the library catalogue GUK

What do I search for (publication type)?

Book (monograph or edited collection)

Search for titles, authors, editors

Search for the journal or the edited collection

Article (in a journal or an edited collection)

Check if available in the library catalogue

Inter-library loan via GVK

Yes, follow the link

No

Available in print?

Yes

No

What do I search for (publication type)?

INTER-LIBRARY LOAN VIA GUK

START

I already have the details (title, author etc.) and want to find these specific sources.

Search in the library catalogue GUK

Search for the journal or the edited collection
